comunicación

A photograph showing two individuals from behind, focused on a laptop screen. The person on the left is wearing a dark t-shirt and has their hands clasped. The person on the right is wearing a patterned shirt and is pointing a black marker towards the laptop screen. The laptop displays a presentation slide with text and diagrams. The desk is cluttered with various office supplies, including a white projector, a pink pencil case, sticky notes, and a small notebook. A blue cylindrical container is also visible on the left side of the frame.

Screenshot of Sketch application showing a prenatal control form.

The interface includes:

- Top menu bar with tools like Insert, Group, Ungroup, Create Symbol, Transform, Rotate, Flatten, Mask, Scale, Union, Subtract, Intersect, Difference, Forward, Backward, Mirror, Cloud, View, and Export.
- Left sidebar "Pages" panel listing "fase 2", "desktop", "mobile", "ux", "typo", and "Symbols".
- Central canvas displaying a form for a prenatal control (consult n° 1).
 - Header fields: Peso (Kg), Talla (cm), PA (mmHg), FC (lpm), SpO2 (%), T (°C), and FF.
 - Date and time: 11 Ene 2017.
 - Action: CANCELAR CONTROL PRENATAL.
 - Section: Control prenatal (consulta n° 1).
 - Fields: Edad gestacional (2s + 1d) and FPP (22 nov, 2017).
 - Image: A grid of 6 squares representing Amenorrhea status.
 - Field: Alt. uter. cm.
 - Checkboxes: Embarazo múltiple (unchecked).
 - Section: Presentación fetal (C, P, T buttons).
 - Section: Movimiento fetal (Aumentado, Disminuido buttons).
 - Text: Nota.
 - Section: Ultrasonido.
 - Field: FPPxUS dropdown.
- Right sidebar "Inspector" panel showing properties for selected elements, including Position, Size, Transform, Resizing, Overrides, Animations, Launchpad, Auto Layout, Pin, and Make Exportable.

Hull / HULI-2454

Gynecological EHR - (da real) MVP

Edit Comment Assign Close

Details

Type:	Epic	Status:	OPEN (View workflow)
Components:	Sales	Resolution:	Unresolved
Epic Status:	In Progress		

Description

Objective

To improve our product, so we can reach gynecologists that aren't using it... and sell them stuff 😊

Hypothesis

When doing consultation, gynecologists would like to store medical information related to its specialty, so they can track their patient's evolution across time. Specifically, we think they're specially interested on prenatal control management.

Roadmap

As of [HULI-664 \[CLOSED\]](#) we've settled on the following roadmap for a gynecological EHR MVP:

- + Version 1:
 - Prenatal control for consultation: physical examination results for mother & child
 - Design: [HULI-2438 \[CLOSED\]](#) done! guidelines: <https://zpl.io/160n8>
 - Backend: (ticket pending)

componentes

The screenshot displays a design system's typography guidelines and color palette. On the left, a sidebar lists components such as Accordion, Annotations, Card, Chat, Form, Grid, Input, List, Paragraph, Progress, Rating, Section, Subheading, Text, and Tool. The main content area features a title "Typography Guidelines" above a color palette. The palette includes six primary colors: Primary Light (Blue Gray 100), Primary Dark (Blue Gray 900), Secondary (Orange 800), Accent (Purple 800), Secondary Dark (Coral 400), and Tertiary (Red 400). A background color swatch for "Background Color: Blue Gray 100" is also shown. Below the palette, two large "Display4" text samples are presented against different backgrounds: a white background on the left and a dark gray background on the right. Both samples include a list of font styles: Display4, Display3, Display2, Display1, Headline, Headline - Secondary, Headline - Disabled, Title, Title - Secondary, Title - Disabled, Subheading, Subheading - Secondary, Subheading - Disabled, and Tool.

< d>gine>consultation >

The screenshot shows a medical consultation software interface. On the left, a vertical sidebar has icons for dashboard, calendar, patients, starred items, messages, notifications, and a profile. The main area displays a patient profile for "Mónica Montoya Ramírez" (23 years, 2 months, 9 days old, ID 3049450858) and a "CREAR NUEVA CONSULTA" button. Below this are sections for "Resumen" and "Historial de citas". The "Consultas" tab is active, showing a consultation start date of "09 Noviembre, 2016. 10:13am" at "Huli Clinic". The "Motivo de consulta" section asks "¿Cuál es la razón de visita del paciente?". The "Padecimiento" section asks "¿Qué siente el paciente?". The "Examen físico" section asks "¿Qué encontraste en el paciente?". Clinical parameters like weight, height, and vital signs (PA, FC, SpO2, %, T, °C, FR, min) are listed. The "Evaluación" section includes a CIE-10 search bar and a notes section with a "Notes" button and a small monkey icon. A right-hand panel provides detailed information about the consultation, including a description field ("Enter a short description here"), last update ("2 months ago"), tags, a link to a web page ("zpl.io/2wJ1Rw"), and a grid view showing widths of 96px and 16px.

hp-ehr-basic record .sketch

The screenshot displays a patient record interface within the Sketch application. On the left, a sidebar lists various design assets: 'Pages' (desktop, tablet, mobile, ux document, Symbols, type), 'desktop' (side menu, d-patient sum., tab bar - antec..., autoscroll, card/desktop/..., notas, emergencia, seguro, footer/desktop...), and 'd>datos personales' (c..., e..., e..., e..., f..., v...). A large central area shows a patient profile for 'Mónica Montoya Ramirez'. The profile includes a photo, basic info (23 años, 2 meses, 9 días, ID 304340575), and a 'CREAR NUEVA CONSULTA' button. Below the profile are sections for 'Resumen' and 'Historial de citas'. To the right, a main content area shows a 'Ficha básica' (Basic Sheet) for Mónica Montoya Ramirez, containing fields for name, date of birth (01 feb, 1989), and ID. It also includes sections for 'Antecedentes médicos', 'Consultas', and 'Laboratorio y gabinete'. A 'Notas privadas sobre el paciente' section notes 'No se comparten con ningún otro usuario'. The interface uses a clean, modern design with a light blue header and various icons for navigation and data entry.
